Mukand Limited: Shaping Tomorrow's Leaders Through Education

Empowering Communities Through Education:
 Mukand

Limited's CSR Commitment At Mukand Limited, we believe that access to quality education is a fundamental right of every child. Guided by this principle, we are deeply committed to enhancing the educational standards within the communities we serve. Our Corporate Social Responsibility (CSR) initiatives are designed not just to support, but to inspire and empower the young minds that will shape our future.

Bridging Learning Gaps with Mathematics Classes: One of the flagship initiatives under our CSR umbrella is the specialized mathematics classes conducted for school students in Shahpur. Recognizing the learning

foundational understanding of mathematics.

Currently operational across 14 schools in Shahpur, this program is tailored to provide personalized attention to each student.

The focus is on enhancing problem-solving skills, fostering analytical thinking, and ensuring a robust grasp of fundamental mathematical concepts. The positive feedback from students and parents alike is a testament to the impact of this initiative. In our continuous effort to improve the quality of education, we also organize regular training sessions for the teachers involved in this program.

This collaboration equips educators with the latest teaching methodologies and technological tools, ensuring that students receive the most effective and engaging learning experience.

educational needs of students through the distribution of uniforms and notebooks. This initiative spans across 44 schools in Shahpur, benefiting around 10,000 students. *Talking about the initiative, Mr Neeraj Kant, Chief Executive Officer, Mukand Limited, said, "By providing these essential supplies, we aim to reduce the financial burden on families and create an environment where every child can focus on their studies with confidence and dignity. At Mukand Limited, our commitment to education goes beyond traditional CSR activities—it is an investment in the future, nurturing the potential of every child to achieve academic excellence and personal growth."*

Promoting Health Through Nutritious Snacks: As part of our comprehensive CSR activities, we also focus on the nutritional well-being of students. We provide nutritious snacks to students across 44 schools in Shahpur Taluka, offering energy-dense peanut jaggery snacks under this initiative. To ensure variety and meet diverse nutritional needs, we deliver three different variants of food mixes to the students. Additionally, we conduct on-site training for front-line workers, equipping them with the skills to prepare and serve freshly made snacks in a hygienic manner. This initiative not only supports students' health but also contributes to

gaps that emerged during the COVID-19 pandemic, these classes aim to help students regain their academic footing and strengthen their

Supporting Students with Uniforms and Notebooks: In addition to conducting mathematics classes, Mukand Limited is dedicated to addressing the basic

their overall academic performance by promoting better concentration and energy levels. Promoting **Sports and Cultural Exchange:**

As part of our ethos of promoting sports at the school level, Mukand Limited organizes Annual Sports Competition for School Students in Shahpur. The event witnesses enthusiastic participation from over 1000 students representing 44 schools in and around Shahpur. The event serves as more than just a competition; it is a celebration of physical fitness, sportsmanship, and community spirit. Through this initiative, Mukand Limited aims to instill the values of discipline, teamwork, and perseverance among young minds. *Mr Neeraj Kant further adds, "The Annual sports activity not only promotes physical fitness and sportsmanship but also provides a platform for cultural exchange and personal growth. We are proud to be associated with this initiative and remain committed to creating opportunities that foster*

holistic development among children."

Nourishing Young Minds Through Mid-Day Meals: At Mukand Limited, we believe

that a healthy mind begins with a nourished body. We're proud to extend our commitment to education and community development through a mid-day meal program for students in Shahapur Taluka. Recently, joining hands with Akshaya Patra, we launched this initiative to provide hot, nutritious meals to 1,589 students of classes 9th and 10th across 16 secondary schools. Here's what makes this program special:

at temperatures between 65 to 80 degrees Celsius, ensuring freshness and quality.

Government-Compliant Nutrition:

A thoughtfully curated weekly menu designed to meet the dietary needs of growing minds.

Positive Community Impact: Gratitude from school principals, teachers, staff, parents, and students underscores the value of this program.

By addressing the essential need for nourishment, we're helping students focus on

their education without the worry of hunger. This is not just about meals; it's about fueling the dreams of tomorrow's changemakers. ■
